Dear Parents and Teachers:

Our main objective at Hickey Karate Center is to develop well-rounded students, not only at our Karate Center, but in society as well. Our school teaches principles of ***Black Belt Excellence***. Not only do students become black belts in martial arts, but they also strive to become academic black belts and eventually, corporate black belts or black belt employees. We use black belt as a metaphor for personal excellence.

In order to monitor our student's progress towards these goals, we respectfully request that you complete the following:

If our students to not meet any of these qualifications either at home, at school, or here at Hickey Karate Center, we will hold the student's promotion until there has been satisfactory improvement.
